

# FEATHER FLAG LED

## PRODUCT OVERVIEW

The LED units have four white LEDs which are angled up to light the Feather Flag, making it perfect for night time runs and early morning or afternoon runs in winter. A lit path is created for participants whilst a further emphasis is put on the event and sponsors.

The LED Feather Flag lighting is IP65 rated, meaning they are suitable for outdoor use, even in the rain.

The feather flag is available single or double sided, in full colour print on knitted Polyester, so we guarantee that you will find a feather flag to suit you.

All of our Feather Flag kits are compatible and come complete with an easy to attach 'quick release' clip.

# DIMENSIONS

Blade Dimensions		Pole		Print Size		Base Size
Overall Height (mm)	Diameter (mm)	Sections	Width (mm)	Height (mm)	Width (mm)	Height (mm)
4100	24	4	800	3400	560	560

## IDEAL FOR

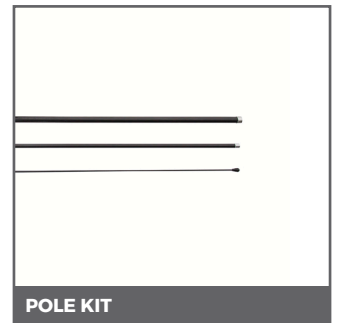

- » Festivals
- » Night Races
- » Night Sporting Events
- » Mass Participation Events

## PRODUCT FEATURES

- » Dynamic display solutions
