Assemble the pole in size order, large to small. This example shows assembly for the medium pole. Insert pole B into pole C.

Step 2

Before attaching the top section (A), slide the flag onto the assemble sections. Ensure the eyelet is to the base of the pole.

Step 3

Thread the top section (A) through the top sleeve and attach to the upright pole to secure.

Step 4

Thread the bungee through the eyelet on the base of the flag. Create a loop and thread the rest of the bungee cord through. Attach the bungee cord to the plastic retaining collar and adjust the tension if necessary (to avoid rippling, do not over tension the flag)
